

Summary

Backend developer specializing in Laravel/PHP, with hands-on experience building production systems deployed in government operations. Experienced in RESTful API design, MVC architecture, and database management. Currently expanding into full-stack development with React and JavaScript.

Experience

FPD Asia Property Services Inc.

Makati, Metro Manila

Web and Mobile Application Development Intern

Jan 2026 – Mar 2026

- Built the web interface and backend API endpoints for a client support chatbot, integrating a hybrid RAG-based response system that combines retrieval and generative AI components.
- Connected web services with retrieval and generation pipelines in collaboration with the AI development team, ensuring reliable data flow and seamless user interaction.

Backend Developer (Capstone)

2025-2026

- Designed and built a Laravel-based POS and inventory system with biometric authentication for jail commissaries, now deployed and actively used across 19 BJMP Region 3 facilities.
- Developed a custom microservice to replace a third-party API dependency, reducing projected operational costs while improving system reliability.
- Applied MVC architecture and Laravel conventions to build maintainable backend modules and REST API integrations; awarded Best Capstone for BSIT and Best Research for WMAD Track.

Leadership & Activities

University Commission on Student Elections (UCSE)

Malolos, Bulacan

Member of the Technical Committee, CICT Local Student Commissioner

Dec 2025 – Apr 2026

- Maintained and supported the TAPAT online voting system during live election operations, ensuring system uptime and accurate vote processing; contributed to 46.3% voter turnout in 2026.
- Contributed to 46.3 voter turnout in 2026

University Commission on Student Elections (UCSE)

Malolos, Bulacan

Technical Support Team Member

Mar 2024, Mar 2025

- Maintained hardware and software across physical voting precincts; assisted voters and resolved technical issues during live operations.
- Contributed to voter turnout of 57.2% in 2024 and 46.71% in 2025.

Education

Bulacan State University

Malolos, Bulacan

Bachelor of Science in Information Technology - Major in Web and Mobile Application Development

June 2026

Best Capstone Project in BSIT on “Biometric-Enabled Cashless Jail Commissary Point of Sales and Inventory System”

Baliuag University

Baliuag, Bulacan
